ART 311 LS	DN 15 – DN 20	ISO 7/1	-20°C – 120°C	16 Bar

3. Valve Features

- Albion Valves (UK) Ltd range of Drain Cocks are designed to allow fluid drain off in a plumbing system.

4. Valve Installation

- Albion Valves (UK) Ltd recommend that the installer adheres to the installation requirements as specified by the Water Supply Water Fittings Regulations 1999.
- Drain Cocks should be sited to ensure ease of access.
- It is the responsibility of the installer to ensure the valve is suitable for service conditions e.g., temperature, pressure, and service media.
- Consideration should always be given to galvanic corrosion during installation.
- Suitable sealing materials should be used during installation.
- Care should be taken during installation and operation not to overtighten the Drain Cocks as this may deform the seat and cause leaks.

5. Approvals Classification

- Please contact Albion Valves (UK) Ltd Quality Department for further details of any specific product approvals and accreditations.

6. Troubleshooting

- Albion Valves (UK) Ltd range of Drain Cocks do not require any routine maintenance.
- A full risk assessment should be undertaken prior to any works taking place.

7. Warranty

- For further details of Albion Valves (UK) Ltd warranty period, please refer to Albion Valves (UK) Ltd 'Conditions of Sale' available on our website.

About Albion Valves (UK) Ltd

Albion has been supplying valves and fittings to the building services and industrial markets for the past 40 years.

Albion was created with the sole purpose of providing quality products at an affordable price. With a growing reputation for quality and reliability, Albion is now an established brand providing the industry with a trusted alternative to premium-priced products.

Our commitment to setting the highest standards in all areas of our business means, if you're looking for quality, service, delivery and choice — you'll find it's all at Albion.

Quality

Whatever you need, you can rest assured that if it comes from Albion it has been designed and manufactured to deliver optimum performance and is accredited with the necessary approvals. Our in-house quality department are always on hand too!

Service

We pride ourselves on our customer service – we have even won awards for it! Our cradle to grave approach means you will never be on your own!

Delivery

We know that time is money, and when a priority project depends on a part you can trust Albion to deliver – next day for all orders placed before 4:00PM.

Choice

We may have started out with a single brass ball valve, but our range has grown substantially since and we now consider ourselves to be a 'One Stop Shop' with our comprehensive range. It is becoming more and more apparent to the industry, that it really is all at Albion.
